ntracted or Stiff Joints. ntracted or Still Joine.

All the medicines in the London dispersaries would barely benefit, much less cure gry articles cases of contracted or still Joints; whereas it this invaluable ointment be effectually rubes and sound parts twice a day, the effects will be functure Paralytic onlicitus even and exist of whatever from this finer wedy when other means fail.

Scorbutic however is in from an impure state of the blood, and in most cases the liver and atomach are the concept and the Tula will smeetly restore it is the concept and the "CS808,

Disorders on to neys, Stone and Grave Disorders of the analysis of the and Grave In any of the analysis of the back over the region of the kidneys, it will quickly penetrate, and, in most instances, give immediate relief. Six or eight of the Pills should be taken nightly according to circumstances.

Diptheria, Sore Throats, &c.

Diptheria, Sore Throats, &c.

These maladies are of so serious and dangerous a nature that the Ointment would not be recommended unless the Proprietor was sure of its effect. It will cure when every other means have failed, if applied immediately, and not delayed until the path its beyond recovery. It is sovereign remedy for sore throat. Settled Coughs or wheezing will be promptly removed by rubbing in the interest in unquent. Mothers should rub it into the cheat of heir infants whenever there is any hoarseness, ightness, or other affection of breathing.

Bad Logs, Bad Breasts.—Old Wounds, Sores and Uleers.

and Logs, Bad Breasts.—Old Wounds, Sores and Ulcers.

It is surprising how quickly a sore, ulcer, or wound, deprives the body of strength, and unfits it for the duties of life; but it is no leas wonderful to watch the effect of Holloway's Healing Ointment, when it is used according to the printed directions, and assisted by appropriate doses of the Pills. The pain, inflammation, and other morbid manifestations, soon disappear from the affected pert and health and strength return.—This treatment creates sound fiesh, and therefore makes its cures complete.

Gout and Rheumatism.

Will be cured with the greatest certainty if large quantities of the Gintment be well worked into the complaining parts. This treatment must be perseveringly followed for some time and duly assisted by powerful doses of Holloway's Pills. The essence of these diseases lies in the blood, which has floating through each vessel the painting poison which vitutes and inflames every tissue t comes in contact with, and produces the hot, swollen, citatic enlargement about the joints so characteristic of gouty and rheumatic maladies. Both the Ointment and Pills should be used in the following cases: Bad Legs | Chilbiains | Glendular | Sere-throats | Burtons | Burto

THE BIG BEND. The news which we publish to-day from Big Bend is the most cheering of any intelligence yet received in the colony, not even excepting the announcement of the discovery of Cariboo. It is cheering, not so much because it has enabled a certain number of miners to take out large amounts of gold, but because it discloses to us the fact that the most extensive as well as least expensive mines yet opened out in British Columbia, or probably in any country north of California, are now discovered. So far as is yet known the gold region extends over a hundred miles; the sinking is shallow; the ground rich; and the mines comparatively easily reached. Here are facts that ought, under proper man agement, to attract the largest populatio that has yet visited the neighboring colony. From all the accounts we have received, and they are almost strangely unanimous, there is but one conclusion to come to, and that is that the greatest gold mining region in any country on the Pacific has been discovered.

This is no idle assertion. If we take the statements of those men who have had practical mining experience at Big Bend, we find that the average yield of the gold fields when opened is computed at from half an ounce to four ounces a day per hand. It is needless to say that no gold mining country in the world can equal this. California nor Auss tralia, nor Montana nor Idaho, cannot pretend to a comparison. Let us, therefore, make the most of our position. Let us take a leaf from our American neighbors and advertise our mineral wealth. Portland got the lion's share, and still gets it, of all the traffic north of her State. When she had the longest route to the Rock Creek, the Kootenay, and even the Big Bend, she managed to secure nearly all the travel and all the traffic that went to those places. At present our advantages over Oregon in competition for supplying any mining region in British Columbia are beyond question; and yet the enterprise of our neighbors is gradually counterbalancing this good fortune. As we informed our readers a few days ago, a steamer is built and no doubt now running between Colville and within thirty miles of French Creek. This brings Walla Walla within pretty easy distance of the new gold fields, and will no doubt give the Oregon people a monopoly of the traffic, if a steamer is not placed on the Shuswap and Kamloops lakes by April next. If this latter be done; if Mr. Wright who, we believe, has obtained the exclusive privilege of putting on a steamer, can manage to run his boat early in the spring, we shall have all the travel; and it will be immense if the two Governments only see that the advantages of our position as well as the richness and inexpensive character of our new mines, are laid properly before the California public. If we can show to the California miner that for a reasonably small amount he can reach Victoria and from thence to the gold fields in nine or ten days, and tha these gold fields when reached will afford him the opportunity of making from eight to sixty dollars a day, we shall have a large and energetic population travelling And we can show all this. With direct steam communication, we bring the miner from San Francisco in four days; five or six more will then take him to Carnes and French creeks, where, unless all the parratives from the energetic class of men who have been working there this summer are false, he will be able to make more money, with a less ex penditure, than in any other gold region in the world. Let us not, therefore, lose sight of the position in which we stand. From Walla Walla to Colville is a distance of two hundred and fifty miles of a very bad country. Fifty miles of the way is in fact so bad that pack nnimals cannot attempt to cross it until the middle of May. Then when we come to the boat travel; out of the two hundred and fifty miles on the Columbia River, seventyfive are full of navigable difficulties. Counting the distance from where the steamer lands the passenger to the mines, the navigable reach on the Columbia River, and the road from Colville to Walla Walla, we have the total distance about five hundred and thirty miles, nearly three hundred of which is land travel. Now if we take the Fraser river route and set Yale against Walla Walla, we have to Kamloops lake one hundred and fourteen miles of land travel; then a navigable stretch of one hundred and thirty miles to the end of Shuswap lake; and from thence to the mines about seventy miles, giving altogether a distance of three hundred and thirty-four miles or nearly two hundred miles less than the Colville route. When to this we add the very significant advantage of being able to reach the mines, which it is

proper exertions. NOTICE.

said can be worked in March, nearly two

months earlier in the year than can be done on the Oregon route, we may safely calculate

on the whole of the trade, if we make the

A General Smash Up.—The late storms

we regret to say, will be the occasion of considerable loss and inconvenience to the Tele graph Company. From Oregon our last adices stated that the wires were down on both sides of Portland, the only portions in working order being the few miles between Portland and Fort Vancouver. From British Columbia we learn that the gales have torn the wires to shreds in innumerable places between Yale and New Westminster, while Puget Sound advices state that a similar state of affairs existed between Scattle and state of affairs existed between Seattle and New Westminstor. Under all these circum-stances we are afraid that we shall have, for some time to come, to trust for news from the East to the arrival of the Active and coasting vessels.

AN UNWELCOME VISITOR .- An affair our office. curred lately at the President's house. A man somewhat incbriated called and desired Year.—Messrs. Piper & Alisky are prepar-ing all kinds of delicacies that confectionery to see the President. He was boisterous and officer Crook refused him admittance up will admit of for presents and Christma stairs. He became very disorderly and was Cheer, together with sugar toys and ornaput out of the Executive mansion. When put out of the Executive mansion. When about fifty feet from the door he turned and drew a revolver on the officer, when the guard made a lunge at him with his bayonet, and he was captured and taken before Justice Walker, who fined him the enormous sum of \$2,000 for carrying concealed weapons. Having no money he was committed. He gave his name as Robbins Sumper, and said he was a brother of General Summer. He came from Alexandria, and pilot, took the Woodland out to the Straits Sumner. He came from Alexandria, and his name is probably an alias.

SKATING-Saturday was a bright and cloudless day. The air was keen and frosty, and the fallen snow was sufficiently hard and dry to render open air exercise thoroughly enjoyable. The sharp frost of Friday and Saturday gave the lovers of skating an op-Saturday gave the lovers of skating an op-portunity of indulging in this invigorating exercise yesterday on Harris' pond and Skin-ner's bottom, where the ice was found to be in good order, although on the former it was sufficiently tender in some places to give two or three parties who were disporting them-selves on its surface an involuntary header.

ON THE TRACK-We lears from passengers by the Enterprise that a clue has been discovered to the murderer of the Scotchman named John Morgan, an employe of the Telegraph Company, who it will be remembered s recently butchered at the side of his camp, below Soda Creek. It appears that an Indian known as Yale Jim, who had been engaged in packing, offered a watch for sale to Mrs. Ritchie, of Canoe Creek, that was recognised as the property of the deceased. Information was conveyed to William's Creek, and the constable immediately started

LAST OF THE MOHICANS .- The only person left to perpetuate the family name of Daniel Webster is his grandson, Ashburton Webster, a son of Fletcher Webster, who is a very promising young man now in the American nays. Fletcher Webster left two sons and a daughter, the last still living. Edward Webster, Major, who died in Mexico, left no children. There are four other grandchildren by his much beloved Julia, bearing the name of Appleton. This is all of the family of Daniel Webster.

German Immigrants.—A Kansas paper reports that two thousand families of Germans and of German descent from Berks county, Pennsylvania, and from the city of St. Louis, have selected extensive tracts of their ngent, Capiain Branswick. The lands selected are in Western Kansas, and are said to be as fine as any in that State.

SPANISH AND FRENCH CLASSES-Mons. B Deslis, Graduate of the Academie de Paris, intends opening classes in Spanish and French, The Spanish class will meet on Monday evening, 4th instant, and the French glass on Tuesday evening, 5th instant, at half-past six o'clock. Address-Langley street, next door to the Colonist office.

BURNES' CREEK.

Mollerd & Co., had commenced finding pay. Two days before our informant left they had picked up a nugget weighing \$52.

The Columbian has the following:
The steamers Onward and Ellocet arrived from Yale last evening with respectively 75 and 35 passengers. Our advices from Cariboo are to the 22d inst., but are unimportant. The weather was sharp and pleasant—two inches of snow having fallen. Six claims were still being worked, viz: Prince of Wales, Adams, Hart & Co., Davis & Co., Cameron, Dead Broke. Markets unchanged. Two Chinamen were killed on Thursday near Boston Bar by the falling of a tree. FROM COMOX - The schooner Amelia ar rived last evening from Comox and Nanaimo The schooner Goldstream from the Queen Charlotte Coal Company's mine, was passed near Nanaime on Saturday morning, and is

on the way down. COAL-The schooners Meg Merrilies and Matilda, and the sloop Alarm, arrived on Saturday and Sunday, with 175 tons Na-

naimo coal to R. Brodrick. CHEAP GOODS .- Heavy tweed pants a on the 24th November, we obtain the following intelligence:

\$2 871/2, and woollen cord pants at \$3, at J. H. Brown's, Government street, opposite the

DANCING CLASSES-Mrs. Digby Palmer will resume her winter evening Dancing Classes resume her winter evening Dancing Classes for Ladies and Gentlemen, on Wednesday and Saturday evenings, at 8 o'clock. The class for children will be held on Wednesday and Saturday afterneons, at half-past three o'clock. Tqu school will meet at Mrs. Digby Palmer's residence, on Dougras street, corner of Fort street. Mr. Palmer presides at the pianoforte for both classes. Terms per month—Adults, \$5; Juveniles, \$3; Private Lessons, \$8.

companies in Alabama or Georgia. General

through the winter.

Mr. Greig of the Bank of British Columbia reached the Creek on the 23d. Mr. Ormandy, the messenger was met on his way up at Soda Creek.

companies in Alabama of Georgia. General Hardee was the recipient in Mobile the other day of a handsome compliment in the shape of a dinner, tendered him by several of the United States officers en duty at that post. General Longstreet, who arrived in Mobile a lew days ago, has been pardoned by the President. General Lee has entered upon his duties as President of Washington Collego (Ya), Jubal Early is an applicant for pardon. General Forrest is reported to be managing a saw-mill somewhere in the interior of Mississippi. General Stewart, who commanded a corps in Hood's army, designs going to New Orleans to practice law. General Magruder is reported to be in Germany with his family. General John G. Walker is in England—so it is reported. Kirby Smith, at last dates, was at Matanzas, in bad health. General Hindman is practicing law in Mexico. The New Orleans Picayune says: "We catch a glimps now and then, on the street, of several other officers who held the rank of Brigadier or Major General in the late Confederate army, who are hard at work now at one or nother branch of business. The majority of them are old residents, either of the city or the State." the messenger was met on his way up at Soda Creek.

There was about nine inches of snow between Williams Creek and Van Winkle, and none below Cottonwood. The weather was intensely cold. A law suit was pending between Van Bleek and Steele (a colored man). The former claimed from the latter a half interest in the Yellow Virgin Co., and in support of his claim produced an alleged bill of sale of the whole interest. Steele, who is an illiterate man, repudiated the deed, alleging that he believed he was putting his mark to a power of attorney in favor of Van Bleck to represent his interest, and that the deed was covered over when he sigued it.

Mr. Blunt and several others were to leave the Creek on the 25th.

the Creek on the 25th.

Mr. Farron came with a party of others all
the way from Soda Creek to Yale in a cance. THE ROUTE TO BIG BEND .- We understand that Mr. Wright has obtained the He describes the river scenery as grand beyond description, but the trip is too dangerous to be recommended to any one. At Boothroyd's eighteen inches of snow had fallen, the weather being colder than on Williams Creek. contract offered by the British Columbian Government for the construction of a steamboat to ply between the western extremity of Kamloops Lake and the upper or eastern Williams Creek.

FROM BRIDGE RIVER

of Kamloops Lake and the upper or eastern end of Shaswap Lake, in connection with the wagon road proposed to be made from Ashcroft or thereabouts to Savana's Ferry on Kamloop's Lake. The contractor will have the exclusive privilege of conveying passengers and freight at fixed rates between those points. It is further stated that Mr. Wright will at once procure the necessary machinery from this quarter or San Francisco. From a miner who arrived on Saturday rom Lillooet we learn that two miners who had been prospecting on Bridge River only ixteen miles from Lillooet had just returned bringing back about an ounce of shot gold. They reported that they could make from \$4 to \$5 a day to the hand sluicing where they worked. John Mackintosh and three other had gone thirty miles higher up the river to try the rich diggings supposed to exist

Later from Big Bend.

From Mr. D. W. Smith, who left Big Bend on the 15th November, we have the following interesting information respecting these pro-

nising diggings. Mr. Smith, who has a claim on Carnes Creek, where he has been working during the ummer, came over the divide by the Government trail to the head of the Shuswap Lake distance of thirty-five miles. The trail is very good for a mountain trail, and can be walked easily with a pack in two days. Small iake boats run from thence to Savana's ferry, which takes an additional two days.

THE BIG BEND DIGGINGS. Mr. Smith, who was one of the pioneers of the diggings, having travelled with Carnes, after whom one of the creeks is named, and reached the diggings on the 30th April last, states from his experience that he is of opinion states from his experience that he is of opinion that a range of country, say from 100 to 120 miles, exists there that will pay from haif an ounce to four ounces a day when properly opened to the hand. The party prospected on their way up and found good prospects, equal to those found in the gravel of any of the creeks now kahwa to be rich.

the census takers found a French Canadian, FRENCH CREEK. On this creek two companies of 12 to 15 men remained when Mr. Smith left, intending On this oreck two companies of 12 to 15 men remained when Mr. Smith left, intending to winter there, sufficient provisions having been brought in to maintain them by Messra. Smith and Ladner. From 250 to 300 men had been on the creek during the season, some of whom never worked, and returned, reporting that there were no diggings. A good many tried to open claims but did not succeed in doing so before cold weather set in. Dupuy opened a hill claim and took out \$25001 in eight days, the biggest day's work being \$5000 to two hands working on the bench rock. The Half Breed Company, or Discovery Claim (four men), in the creek in one day took out 64 ounces, averaging from two to four ounces to the hand on the bed rock gravel from 8 to 10 feet down. A company working in the gravel, from one to two miles above, averaged from an ounce and a half to two ounces a day to the hand in getting out their tail-race, when their wheel froze up, without expecting to reach the bed rock this fall. Shep, Bayley's Co., three in number, had got out as much as \$1600, getting as high as 12 ounces to the pan.

The bed rock on this creek is from 6 to 15 feet deep, coarse and heavy gold being found wherever it was reached. A man who sunk a ble about 4 feat deep, 15 miles would be about 4 feat deep 15 miles would be about the case of the said in their praise. Let these who doubt their caselence give them a call. day after a splendid run of six hours from
New Westminster with 73 passengers and a
Cariboo Express. She was detained on the
passage up by a snow storm and lay in
Plumper's Pass until Saturday morning.
The stemer Lilloeet also arrived shortly
before the Enterprise from New Westminster with about 40 passengers.

The Columbian of Saturday contains no
telegraphic or other intelligence of interest,
The Hon. Mr. Brew returned from Chilliwhack on Wednesday, reporting that the
Indians evinced no desire to be unreasonable
in respect of the land dispute with the settlers and did not appear unwilling to go
the rear of the white men.
A petition from the settlers to the Govern-

On the top of the hill where the creek was level some men prospecting got from four bits to a dollar and a half to the pan in the gravel without reaching the bed rock.

MOBERLY CREEK. MOBERLY CREEK.

Our informant learnt from Mr. Moberly, who came to New Westminster with him, that he prospected a creek emptying into the Little Shuswap, on which he obtained prospects of from 5 to 8 cents to the pan, on a bar, without using a pick. Mountaineer Perry, one of the pioneers, told Mr. Smith that the prospect was about 10 cents to the pan, and he intended inturning there to prospect this fall. He gave it as his opinion from the look of the slate range and the quantity of quartz wash gravel that there were as good diggings there as any that had been prospected.

OTHER CREEKS.

OTHER CREEKS.

WILLIAMS CREEK.

The companies at work were the Oram, Dead Broke, Cornish, Australian, Welsh, Cameron (doubtful), and Foster-Campbell. A cave had taken place in the latter company's shaft. A French company of four men were sinking a shaft opposite the smithery at Richfield. The Dead Broke, Cameron, Oram, and the Australian would probably work through the winter. The Wake up Jake Company were drowned out on the 14th, and the Bald Head and Sheepskin shafts were full of water. In a creek about 30 miles above the mouth of French Creek emptying into Gold Creek, a man struck a prospect as good as that on any other creek, declaring that he preferred it to French Creek, and intended returning at Richfield. The Dead Broke, Cameron, or the Australian would probably work through the winter. The Wake up Jake Company were drowned out on the 14th, and the Bald Head and Sheepskin shafts were full of water.

The Yellow Virgin Company were frozen out on the 15th, and the claim was laid over that as good diggings may be found on other that as good diggings may be found on the that have been tested.

Where abouts of Confederate Generals

A Southern paper gives the following account of the whoreabouts of the leading officers of the lading officers officers of the lading officers officer

May, and the Columbia River is a long, tedious and dangerous route to travel.
Gold Creek or River, into which French Creek empties, is about 100 miles in length, and has fine prairio lands on either side producing fine hay. Four men reported having discovered something in the neighborhood of Fronch Creek which they would not exchange for the best discovery in the country. They refused to disclose the scoret until they had made themselves secure.

A miner who left Big Bend after our informant told him that six feet of snow lay on the Divide when he crossed over, and was still falling.
One-third of the miners who were at the diggings belong to Colville, and had returned

diggings belong to Colville, and had returned to winter there. A big rush was expected to the diggings in the spring.

Mr. Perry reported having discovered silver ore on Moberly Cretk.

PROVISIONS.

PROVISIONS.

The following were the ruling prices of provisions at Big Bend:—Bacor, \$1 50 fb ib; Flour, \$80 fb 100 ibs; Sugar, \$1 50 fb ib; Coffee, \$1 50 fb ib; Tea \$3 fb ib Butter, \$2 fb ib. Beef, 65c fb ib.

From another informant just arrived from Kamloops we learn that Romano had reached French Creek with 25 mules laden with provisions, which would be a great boon to the miners at Big Bend.

At Kamloops several parties were organising pack trains to convey provisions, drawn by dogs, to Big Bend during the winter. A fice opportunity presents itself here for speculators to make a clean sweep of the superfluous canine species.

fluous canine species.

Messrs. Dewdney and Mowberly had both returned from Big Bend.

POLICE COURT.

Sophie Colomb, a French woman appeared at the Police Court on Saturday, arrested on a warrant issued by the Magistrate, charged by L. A. Bendixen of the St. George Hotel, with threatening to do him grievous bodily harm] From the information which was read it at

eared that the prisoner went to the St. George hotel at 2 o'clock on the morning of the 30th of November and asked to see Mrs. Bendixen, and went into her room saying that she (Mrs. Bendixen) had spoken, ill of her, and threatening to "spoil the pretty face of Mrs. Bendixen" and to kill the prosecutor she having a dagger with her and leaving two impressions of it on the door of the bed room. On a former occasion the prisoner had drawn dagger on Mr. Bendixen.

Mr. Bendixen did not appear. Mr. Pemberton said it was a very seriou charge and one that he could not pass over lightly; he should remand the prisoner until Monday, taking bail for her appearance, two sureties in the sum of \$250 and herself in the sum of \$500, and would issue a summons for the appearance of Mr. Bendixen.

charge; that it was 10 o'clock at night when she went to the St. George, not two in the morning.

HOLLOWAY'S PILLS are undeniably the finest medicine in the world for biliousness and indirection. In all cases of deranged stomach, determination of blood to the head, bile, sick headache, liver, and stomach complaints, there is no medicine known that will give immediate relief as these renowned Pills; young and old, rich and poor, patronize them, and so many cures are effected by their use, that their praise is sounded from the torrid to the frigid zone; in truth, persons who travel consider them a necessary requisite. In sultry weather or warm climates, or in India, the blood becomes overheated, the liver torpid, the skin covered with prickly heat, and the whole system languid and exhausted. Nothing so soon gives relief as Holloway's Pills.

HOLLOWAY'S PILLS AND OINTMENT.-In angr HOLLOWAY'S FILLS AND UNITMENT.—In angr or indolent sores, and all skin diseases originatin in impure or weak blood, or deprawed secretions the joint agency of Holloway's Fills and Join ment is perfectly irresistible. It is of little couse quence how long these disorders may have lasted or how siuggish and obstinate, or malignant the pray seem, the daily application of the Unitmen

On this creek 13 men were at work when Mr. Smith left, who found good prospects until they were washed out One man panned out one evening in the loose gravel S9.

The bed rock had not been reached in consequence of the freshet although Mr. Smith's company had got down 36 feet, beliaving thempelors within 10 feet of the health of the second of the prospect of the freshet although Mr. Smith's company had got down 36 feet, beliaving thempelors within 10 feet of the health of the second of the second of the continuent of the Uniment of the Omiment of the Comment of the Uniment of the Unim

The bed rock had not been reached in consequence of the freshet although Mr. Smith's company had got down 36 feet, believing themselves within 10 feet of the bed rock when they stopped sinking. They then washed on a bar getting about \$15 to the hand in the loose gravel.

Carnes & C. (two men) averaged about \$30 to the hand in the gravel in the bed of the creek without attempting to sink to the bed rock which they intend to do in the spring.

Capron & Co. [Jumed the capyon and paned out mout \$40 one day on the bedrock, but their flame was carried away, and they stopped for the season.

Meser, Smith & Co. turned the creek two blooms and were washed out by heavy

or three times, and were a sched not by heavy rains. Below the dam they got about four bits to the pan in the loose gravel, and believed they could make from about two to three ounces to the hand sluicing.

McCULLOCH'S CREEK.

On this Creek, Barney Reilly & Co., five in number, averaged from two to three ounces per day to the hand, one day making 35 ounces working on the high bed-rock.

On the top of the hill where the creek was level some men prospecting got from four bits to a dollar and a belt with the council the impurities of the blood. The subside and disappear under the action of these sounces working on the high bed-rock.

On the top of the hill where the creek was level some men prospecting got from four bits to a dollar and a belt with the council to the subsiderance of the blood. The subsiderance of the blood of the blood with the council to the subsiderance of the blood. The subsiderance of the blood of the blood with the council to the subsiderance of the blood. The subsiderance of the blood with the subsiderance of the blood. The subsiderance of the blood with the subsiderance of the blood. The subsiderance of the blood with the subsiderance of the blood with the subsiderance of the blood with the subsiderance of the blood.

quered and art is triumphant, because it adopted the simplicity of Nature.

HOLLOWAY'S PILLS—Liver Complaints.—The virtue of these incomparable Pills are fully appreciated in every part of the civilized world. Appreciated in every part of the civilized world. Appreciated in every part of the civilized world. It is not not be general system through the circuit altion, there are been diseases which they cannot denote the proposed system through the circuit and the circuit and

HOLLOWAY'S PILLS AND OINTMENT—Diarrhum, Bowel complaints.—Whenever the stomach fails faithfully to perform its functions, indigestion is sure to be produced, the issue of which is ever uncertain. The undigested food, after passing through the sluggish stomach, irritates the bowels, and sets up Diarrhum, by which it is carried of, and the body is relieved for a time. Perhaps this is the least objectionable product of disordered stomachs, though gradually it will pull down the strongest. To check the first symptoms nothing previously prescribed equals. Holloway's Digestive Pills, aided by his Ontment, rubbed over the stomach and right side. Their action over the stomach, liver and bowels, is immediate, beneficial and lasting, restoring order and case, and removing at one and the same time both the cause and the results of the diseases. HOLLOWAY'S PILLS AND CINTMENT-Diar

corporated under the British Columbia

DIRECTORS: THOMAS TROUNCE, Esq., Chairman

J. S. WILLIS-SECRETARY. BANKERS-BANK OF BRITISH NORTH AMERICA

This Company has been formed for the purpo of developing and working several extensive and reluable seams of Anthracite Coal lately discovered in Queen Charlotte Island.

At present this is the only mine of pure Anthracite Coal known to exist on the Pacific Corst, and from the large united and shipp ports the discovery of great importance and value.

ite.

The ccal seams, from three to seven feet in

require to enable them to the sound in the kets.

The quality of the coal has been fairly tested. The engineers of several of the steamers have pronounced it to be of the very best quality; it has also been used by the proprietors of the found ries in the city of Victoria whose reports are next, and declared by them to be equal if not superior to the best Pennsylvania Anthracite Coal

Coal
The great advantage of the position of the mine
cannot be brought too prominently to the notice
of intending Shareholders, its close proximity to
the coast, together with its superior quality renders it of great value; also an easy access for
vessels of any tonnage, a safe and commodious
harbor perfectly sheltered and land locked with
secure and good anchorage, will enable vessels at
all seasons and weather to load at the Company's
wharf.

There is a large demand for anthracite coal to supply foundries, steamers, &c., &c., in San Francisco, Portland, Victoria and other ports, all of which has to be shipped from the Eastern States or from Europe at a great expense, the selling price ranging according to quality from \$16 to \$25 in some markets, in others higher; the trade to Panama and along the Pacific coast will be considerable. An extensive trade vill also be open with China and Japan. The naval stations of England, United States of America, France and Russia, must necessarily consume a large quantity.

Of the 15,000 shares forming the Capital Stock of the Company 7,500 are classed A (original shares) paid up to £1, and liable to additional call of £1.

PADWAYS READY RELIEF

RADWAY'S READY RELIEF

RADWAY'S READY RELIEF

prevent inflammation and morthoation.

FEVER AND AGUE.

Peasons exposed to the Malaria of Ague, or if seized with Chills and Fever, will find a positive Antidote and Cure in Radway's Ready Relief. Let two teaspoonsful of the theady Relief, in a wineglass of water, be taken on getting out of bed in the morning, and however exposed to malaria you will escape. WHEN SEIZED WITH

WHEA SELECTORY
CHOISEA, OF Diarrhea, or Flux,
Dysentery, Cramps, and Spasses;
Billious Cholle, or Gastrius;
Barlet, Typhoid, or other Fevers;
Influenza, Coughis, or Colles;
Unflammation or the Stomach or Bowels;

One dose will stop the pain; its continued use will, in a few hours, cure the patient.

HOW IT CURES. HOW IT CURES.

The secondary indication of RADWAY'S READY RELIEF is to cure the patient of the disease or malady that occasions the pain; this it accomplishes rapidly and radically. So weight is the patient transformed from pain, misery, weak as, and decreptude, to the delightful enjoyment of health ad strength, that putient frequently ascribe its tallsmant power to the supernatural induence of enchantment.

Twenty Years of Sleepless Nights. Twenty Years of Sleepless Nighta.
Wm. Sydney Myers, Eaq., of Havana, Cuba, the correspondent of the London Times, suffered with Acuts and Chronic Rhoumatin for twenty year he had not enjoyed one whole night's calin root. He applie RADWAY'S READY RELIFE—Himmedialey gave him case and secured him the first calin and undisturbed sleep durin the twenty years. The continued use of the READY RELIFE.

PREVENTION BETTER THAN CURE.
THERE IS NO OCCASION FOR SICKNESS.
When you first feel, pain, then take a teaspoonful of the
READY RELIEF, in water; or apply it to the parts where
you feel the discomfort.

ALL MALIGNANT DISEASES
first give warning of their prevence, and if met promptly be
fore they become securely introched within the system,
will be readily expelled.

Headache, Pains in the Limbs—in the Stomach, Bowels, an Kidneyas—Cold Chills, and Hot Flushes, Coated Tongue Burning Sain, Nausca, Shivering, Dullness, Loss of Appetite, Restlessness, Giddiness, xc., &c., are premonitory symptoms of Malgnant Diseases. One dose of the READY RELIEF is enflicient to break up and expel diseased action, and restore the patient to health.

the patient to health.

IN THE ARMY.

Dysomery, Billous Cholle, Flux, Yellow, Typhold and Malarius Fever, Recommending, Small Pox, Diptherst, Letters from Medical Directors, Surgeous, and Military Officers enderse the reportance of RADWAY'S READY RELIEF over all other medicinal remedies.

Eighth Maine regiment, Serg't C. P. Lord, writes that Radway's Ready Relief saved the regiment from death white quartered at Tybee Island, S. C., when working in the swamps, erecting fortifications. Every man seized with Typhold and other Fevers, Fever and Agoo, Diarrhoat, Purchery, Rheumatism, was cured by the use of the Ready Relief.

ery, Internation, a.e. consider of the control of all cases as the Carlinon. In all cases as the Carladway's Ready Relief. regenerated, morbific matter is expelled, and happy revolution occurs throughout the system.

Holloway's Ointment and Pills—Palpitation, Shortness of Breath, Dropsy.—This last named disease is often preceded by irregular action of the heart, and difficult respiration which symptoms are always severe, and ever go from bad to worse, unless proper means of cure be resorted to. In Holloway's unrivalled Ointment and Pills' the dropsical patient will ever find succour; the present relief derived from the use of these remedies is marvellously quieks, and perseverance in the steady application of this noble Ointment invariably results in a lasting and satisfactory cure. The two medicines act with such energy on the circulation and absorbent system, that the dropsical fluid vanisher, and the sufferer finds all the oppressive symptoms daily decline, till natural health returns.

Holloway' Ointment and Pills.—Fistu las, Piles, Excoriations, and Strictures, are speedily relieved and ultimately removed by applying this Ointment after fomentation with warm water. Persons suffering from these securges of the human frame should arrest their progress at once, for it is both insidious and rapid. Fistulas, if long allowed to go on uncheckea, not only weaken the nervous system, but destroy life. The sooner these inestimable remedies are used the more certain is success; yet none should despair, hopeless cases have often yielded, and the sufferer has been saved a painful death. In excitations, a few applications of this healing Ointment effect a cure, while the Pills, conjointly used, are especially beneficial in relaxing and removing strictures, whatever their situation or duration.

world, and the only Vogetable Substitute for Colonel or Mercury were discovered. They are composed of VEGETABLE EXTR.CTS FROM ROOTS, HERBS, PLANTS, GUMS, SEEDS, FLOWERS, RARKS, FRUITS AND WEEDS, PREPARED IN VACTO. PRUITS AND WEED'S, PREPARED 18 A CO.
One grain of the extract of the medicinal properties of
Radway's Pills, possess a greater curative power over dissase than a thousand of the crude and—hert untereds that suter into all other pills in use. These Pills are compounded
of the active medicinal properties of the Rotts, Hierk, Panus,
Flowers, Gums, &c. of which they are composed. One does
will prove their superiority to all other pills—they

By takin a few does of the common Drastic Pills—that gripe and piled you when they operate—you may obtain the best if you stop taking these pills for a week or but if you stop taking these pills for a week or most of the pills of the pills for a week or most of the pills for a week or some your property of the pills for a week or most of the pills of the pills for a week or most of the pills of the pills for a week or most of the pills of the pills for a week or most of the pills of the pi

PILES, STRAINING AND TENESMUS,

Persons afflicted with Piles, may rely on a positive cure

sores, wounds, uteers, tumours, &c., are infal-libly curei by their use. They purify the bload and give tone and vigour to the whole system. The Olntment, when well rubbed into the parts affected, enters the flesh just as salt enters meat, and if the Pilts be taken as an auxiliary, are cure is speedy, thorough, and permanent. These medicaments are composed of rare balsams, with-out the admixture of a grain of mercury or any injurious substance. They are peculiarly mild and gentle in their action, and are as safe as they are efficacious.

HOLLOWAY'S PILLS AND OINTMENT—Stomach and Kidneys. Between these two organs there exists a close and intimate relation which is demonstrated by the wasting which occurs in all diseases afflicting the kidneys. The disordered stomach is often the first index of renal irrequirity. Holloway's remedies used at that juncture would cut short many a serious and fattal attack. They act with wonderful efficacy on every organ of secretion, but especially do they regulate the stomach, liver and kidneys, in restoring their healthy functions, and casting out any obstructions or impurities. It is necessary for the ointment to be well rubbed into the small of the back twice daily, when it is absorbed and greatly augments the purifying and salutary influence of the Pills.

HOLLOWAY'S PILLS.—General debility, low spirits, and nervous irritation, are the consequences of dyspepsia or indigestion. The Pills scon give tone to the stomach, renovate the digestive powers, purify the blood, and give strength to the whole system. Sluggishness of the body and depression of the mind are succeeded by an depression of the mind are succeeded by a cheerful settivity of the physical and mental functions. Indigestion is the parent of so many ovils, and is so common, so universal a cremplaint, that it is a great blessing that such a remedy as this invaluable medicine should have been discovered. No one need long saffer from indigestion with these Pills ac nand.

RIJEUMATISM, LWIMBAGO, GOUT, NEURALGIA, TOOTE ACHE, CROUP, INFLUENZA, SORE THROAT, QUINZY, OHTHERIA, HOARSENENS, BRONCHITIS, STIFF JOINTS FINLANCED TENDONS, HEADACHE, (Sick or Nervous, ASTHMA, or HARD BREATHING, IS IN THE ACTUAL OF THE CONTROL OF THE STATE OF THE S LONDON TIMES.

HOLLOWAY'S PILLS AND OINTMENT.—Influenza, Colds.—In diseases of the throat and chest, so prevalent in this contry, nothing so speedily relieves or so certainly curve as these inestimable remedies. These disorders are too often neglected at the commencement; or are injudiciously treated, resulting in either case, in disastrous consequences. Whateverthe condition of the patient, Holloway's medicines will restore, if recovery be possible; they will retard the alarming symptoms till the blood is purified and Nature consumates the cure, gradually restoring strength and vital nervous power. By persevering in the use of Holloway's preparations, tone is conferred on

Holloway's Ointment.—Wounds, Sealds, Burns, and Irritating Sores.—The peculiarly mild, soothing, anti-inflammatory power exerted by this Ointment strongly recommends its use to all persons who have charge of children. Accidents will occur in the nursery in spice of the greatest caution and utmost vigilance. The scratch, the burn, or the scald, treated early with this Ointment, assumes no angry aspect, and never long trues the little sufferer, whose very cry excites each bystander's compassion and pierces the parents heart. Every nurse should consider this invaluable Ointment an essential to a well appointed nursery. The Ointment is applicable to any ore, whatever its character. It conducts to health as sure as the compass points to the north.

HOLLOWAY' OINTMENT AND PILLS .- Fistu

Holloway's Ointment and Pills, a certain remedy for diseases of the skin—Ringworm, scury, scrofula, or king's evil, sore heads, and the most inveterate skin diseases to which the human race is subject, cannot be treated with a more safe and speedy remedy than Holloway's Ointment und Pills, which act so peculiarly on the constitution, and so purify the blood that those diseases are eradicated from the system, and a lasting cure is obtained. They are equally efficacious in the cure of tumours, burns, iscalds, glandular swellings, ulcerous wounds, rheumatism, contracted and stiff joints. These medicines operate mildly and surely. The cure effected by them is and temporary or apparent only, but conplete and permanent.
